W. C. HARDING, Agent

TONOPAH BONANZA MINING COMPANY

On behalf of the Tonopah Bonanza Mining company, which is the owner of the ground known as the Tonopah Standard, I am offering the people of Tonopah 100,000 shares of treasury stock at the very low price of 10 cents, 5 cents cash, 2½ cents November 1, 1912, balance of 2½ cents December 2, 1912.

The directors of the Tonopah Bonanza have decided to sell 400,000 shares of its treasury stock at 10 cents, the money to be used for development purposes only, the company owning the land free of debt. It was left to my judgment how to sell the stock and I decided to offer to the people of Tonopah 100,000 shares, to the people of Goldfield 100,000 shares and to the people in the east 200,000 shares.

There is a shaft on the property 600 feet deep. It is the intention to at once install new machinery and sink the shaft another 400 feet. Mr. A. S. Haskell, the well-known mining engineer, thinks that the ore-bearing formation will be reached inside of a thousand feet. He has made a full report on the property and seems to be very favorably impressed with the chances of making a mine out of this property. His report can be had by any subscriber by writing to the secretary of the company, Mr. A. K. Durbrow, Russ building, San Francisco, Cal.

For several years I have been waiting for some property in Tonopah to develop a body of ore far enough west to make mining men come around to my way of thinking, that the ore zone of Tonopah will extend as far west as the Tonopah Bonanza ground and perhaps farther. The developments in the Tonopah Extension and in the Tonopah Merger has changed the minds of a great many as to the extent of the ore zone making to the west, and enabled me to get several well-known mining men to become interested in the Tonopah Bonanza ground.

Subscriptions for the sale of the stock will open on Monday, the 23d of September, and close Saturday the 28th. You can send your subscriptions to any brokerage house in Tonopah, or to the secretary of the company, Mr. A. K. Durbrow, Russ building, San Francisco, Cal., with 5 cents cash per share for shares subscribed and a receipt will be sent you by return mail.

In making this offer to the people of Tonopah, I feel that I am giving them the first chance to become interested in a property, that if it develops, will make every one a lot of money. It would also create a great boom for all those who own real estate in Tonopah. I have been a great believer in Tonopah ever since I visited Tonopah first many years ago, and was the first one to express an opinion that Tonopah looked to me like another Comstock, and that ore bodies would be found at greater depth. Developments made in the last two years prove that I was not so far out of the way. Stock to be listed on the San Francisco Stock exchange the middle of December, 1912.

Very respectfully,
HERMAN ZADIG,
President Tonopah Bonanza Mining Co.

WILL NAME TICKET

MILWAUKEE, Sept. 26—Failure on the part of Governor McIlvren, republican, to state his views as to his preference regarding presidential electors as between Taft and Roosevelt, probably will result today at the state committee's meeting in the Wisconsin progressive party putting a state ticket in the field.

If you "Keep boarders" at all, who not know enough boarders to make it pay? A small campaign of classified advertising in the Bonanza will keep you busy.

CANDIDATES FOR SENATE TO ABIDE BY POPULAR VOTE

REPUBLICAN, DEMOCRATIC AND PROGRESSIVES ENTER INTO AGREEMENT

Senator W. A. Massey, Hon. Key Pittman and Sardis Summerfield, the republican, democratic and progressive candidates for the United States senate, respectively, have entered into an agreement to abide by the popular vote of the people. Senator Massey recently submitted a letter to all opposing candidates to provide for such an agreement and favorable responses were received from Mr. Pittman and Mr. Summerfield. The socialist party was unable to enter into the agreement owing to party principles.

The three candidates who are parties to the agreement state that if defeated at the general election they will not allow their names to be presented before the legislature and will use all honorable means to insure the legislature electing the candidates who received the highest number of votes as cast at the election.

This same "gentleman's" agreement was in force two years ago and although the last legislature was democratic, the members without a single dissenting vote, were unanimous in the selection of Senator George S. Nixon.
